(54) Title: **METHOD FOR PREPARING SOPHORAE FRUCTUS EXTRACT CONTAINING ISOFLAVONE**

(57) Abstract: The present invention relates to a method for preparing a *Sophorae Fructus* extract containing isoflavone. More particularly, the present invention relates to a method for preparing a *Sophorae Fructus* extract containing isoflavone in high concentration, which is characterized by the steps of hydrothermal extraction, enzyme treatment and ethanol extraction of *Sophorae Fructus*. A *Sophorae Fructus* extract containing a high concentration of aglycon-type isoflavone having an excellent bio-absorbability can be prepared by the method of the present invention.
